

Amistad Prayer Update January 6, 2017

Please join us in prayer this week for:

- o Club restarts after the holiday season. Pray the children will return to classes with joy despite the break in their routines over the holidays.
- o Mexico, its leaders and citizens; that demonstrations against government reforms in general and gasoline price hikes in particular may be peaceful and produce a consciousness among everyone of the economic and social needs of the nation. Reforms are badly needed for good of the nation, but change is hard and few citizens trust the government to do what is best for the people. The president has in many cases not fulfilled his campaign commitments. Unfortunately, many take advantage of this situation to commit their own injustices which harm third parties (vandalism, road blocks, violence, robbery). *Pray for the church of Jesus Christ in Mexico, that it might be drawn to follow Daniel's example; confessing our sin as God's people as well as the sins of our nation and imploring God to work powerfully in the hearts and minds of our leaders and conationals. Pray that Christians will be faithful witnesses to Jesus Christ in their communities. Pray for Club instructors as we teach Biblical principles and lead Mexico's youngest generation into a relationship with Jesus Christ....with an eye on transformation of Mexican society.*

Christmas play by children of Club Amistad In Agujita, Coahuila

Children of Club Amistad of Frijolillo San Luis Potosí break a piñata during their Christmas celebration.

Thank you for your prayers and financial support which make these ministries possible.
